

Repair Technician

Employment Type: Full-Time

Location: 21973 Commerce Parkway, Suite A, Strongsville OH 44149

Hours: Monday-Friday 8:00am-4:30pm

About Repair Authority

Headquartered in Strongsville, Ohio, Repair Authority provides home medical equipment repair services, with additional locations in facilities in Fort Worth, TX and Manchester, TN. Our organization repairs equipment that treats respiratory illnesses and sleep disorders, including ventilators, oxygen concentrators, CPAP devices and more. We play a critical role in ensuring that patients can stay safe and healthy at home.

Benefits

Repair Authority offers a fun and rewarding work environment with opportunities for career advancement and wage growth. As a rapidly growing business, we value team members who can work independently in a fast-paced environment, but support is never far away when needed. You will play a critical role in the company's success, and your contributions will be appreciated.

- Fun company events and prizes
- Medical, dental and vision insurance
- Health savings account
- 401(k) retirement plan
- Paid time off (PTO)
- Life and disability insurance

Tasks

- Inspect and test malfunctioning medical or related equipment, following manufacturers' specifications and using test and analysis instruments.
- Test or calibrate components or equipment, following manufacturers' manuals and troubleshooting techniques, using hand tools, power tools, or measuring devices.
- Keep records of maintenance, repair, and required updates of equipment.
- Perform preventive maintenance or service, such as cleaning, lubricating, or adjusting equipment.
- Disassemble malfunctioning equipment and remove, repair, or replace defective part.
- Study technical manuals or attend training sessions provided by equipment manufacturers to maintain current knowledge.
- Other duties include general labor tasks such as cleaning equipment, warehouse organization, etc.

Repairing and Maintaining Medical Equipment

- Calibrate or adjust electronic equipment or instruments to specification
- Replace electronic components
- Repair and replacement of valves

- Service and maintenance of small compressors
- Servicing of liquid oxygen systems
- Install electronic equipment, components, or systems
- Repair or replace electrical wiring and PC boards
- Test electronic or electrical circuit connections

Physical Demands

- High school diploma or equivalent; additional education or training in warehousing or logistics is a plus.
- Prior experience as a warehouse associate or in a similar role is preferred but not always required.
- Strong attention to detail and accuracy in handling inventory and fulfilling orders.
- Physical ability to lift and move heavy items up to 50 lbs., stand for extended periods, and perform physically demanding tasks.
- Excellent organizational and time management skills to prioritize and manage multiple tasks effectively.
- Basic computer skills to use warehouse management systems and other software tools.
- Conformity of maintaining safety guidelines and adhering to company policies and procedures.
